10.5 Grievance redressal mechanism for faculty, staff and students

Grievances redressal mechanism provides a platform for students to express and resolve misunderstanding, concerns, or grievances they have with any college employee in a prompt, fair and equitable manner. This procedure emphasizes an informal resolution.

- To protect each student's freedom of expression in this classroom
- To protect each student from prejudice or arbitrary and capricious academic evaluation as evidenced by the student's final course grade.
- To protect each student against improper disclosure of the student's views, beliefs and political associations.
- To protect a student's right to a learning environment that is free from unlawful discrimination.

Time limits on filling a grievance

A student must file a grievance by the last day of the academic semester following the action that gives rise to the grievance. Principal may suspend this rule under exceptional circumstances. All grievance records will be held in the Office of the convener for a period of one year.

Withdrawal of grievance

At any time during the grievance procedure the student may withdraw the grievance.

Appeal to Principal

If the students are not satisfied with the decision of the Grievance Review Committee, he/she may appeal to the Principal, in writing. This appeal must be made within 5 working days of the student receiving the decision of the Grievance Review Committee. Always follow appropriate procedures in pursuing any grievance, College rules prohibit the following:

- Obstruction or disruption of research, administration, disciplinary procedures or other college activities. Disruption or mean conduct which disturbs, interferes with, or prevents normal campus functions and activities. Examples include creating a disturbance by yelling, using profanity, or verbally intimidating or abusing others; or making excessive or unreasonable demands for immediate action, such as demanding an appointment or a response to a grievance on the spot.

- Failure to comply with directions of the college official or resisting or obstruction such officials in the performance of their duties.

10.5 Establishment of Anti Ragging Committee

The college anti-ragging committee is functioning as per AICTE directives and Anna University guidelines to handle the issues related to ragging. The team members are always vigilant and they interact with freshers and make surprise checks inside the campus and hostel premises. The anti-ragging committee has created awareness among students to do away with any form of ragging both inside and outside the campus. Every department has student representatives in the committee to report any incidents of ragging.

The anti- ragging guidelines are being prominently displayed prominently in various buildings of the campus. It is heartening that there has been no incident of ragging reported in the campus so far because of active performances of the anti-ragging committee.
